

Head of the Hawk

Bluejuice

im on the hook at the head of the hawk,
i got back to sleep
i got a little
im becoming a little obsessed and you roll right over
me
i got a little
i've been a little distant lately can we be discrete
i got a little
i feel myself loose grip on the wheel and you roll
right over me
i get a little
dip dip dip dip dip in my mood
dip dip dip dip dip in my mood

x2

and i dont know why
and i dont know why
and i dont know

x4
