

# Keep It To Yourself

Bluejuice

I went away for a while, and it felt like a minute  
I went away for a while, and it felt like hell  
I went away for a while, and I got down in it  
And you've got to keep it to yourself

But if you feel like I feel  
You've got to keep it to yourself

I went away for a while, and it felt like a minute (Oooh oh)  
Been away for a while, and it felt like hell (Oooh oh)  
Went away for a while, and I got down in it (Oooh oh)  
You've got to keep it to yourself

But if you feel like I feel  
You've got to keep it to yourself

But if you feel like I feel  
You've got to keep it, [?] (Well)  
Keep it to yourself

(Woah oh) (Woah oh) (Woah oh) (Woah oh)

Went away for a while, and it felt like a minute (Oooh oh)  
Been away for a while, and it felt like hell (Oooh oh)
