

## Elements and Things

### Blues Pills

Reach up to the sky  
Reach up to the sky  
I would but the sun's in my eyes  
Can you see the lightning  
Can you see the lightning  
Oh, but why are you so frightening, why

Can you hear the thunder  
Can you hear the thunder  
Oh, you lay back down and wonder, why

Step out on the moon  
Step out on the moon  
There ain't nothing but gloom on the darkside  
It's dark ever boding  
It's dark ever boding  
And my mind is overloading, yeah  
So can you hear the thunder

You lay back down and wonder about the things  
Yeah, about the things  
Oh, about the things  
Yeah about the things

Can you hear the thunder  
You lay back down and wonder  
Can you hear the thunder  
You lay back down and wonder

Step out on the moon  
Step out on the moon  
There ain't nothing but gloom on the dark side  
Reach up to the sky  
Reach up to the sky  
I would but the sun's in my eyes  
I would but the sun's in my eyes  
I would but the sun's in my eyes  
I would but the sun's in my eyes  
I would but the sun's in my eyes
