

I head across the country, looking for Mexico  
I got stuck in Kansas with no place to go  
Oh, I'm a gypsy, that's what I am  
Uh, I'm a gypsy, and I don't give a damn  
Somebody took my load  
And I got no place to go  
But I'm trying to find my mind  
Yes, I'm trying to find myself

I'm a gypsy, that's what I am  
Uh, I'm a gypsy, and I don't give a damn

And I can see a train coming down the track  
I'm gonna jump on it, and I won't look back  
Ho-oh, I can see a train now coming down the track  
I'm gonna jump on it, and I won't look back

Ain't nobody stop my moving  
Coming to your, coming to your town  
Time is wasting  
Ain't no time for my world renown  
'Cause I can see a train coming down the track  
I can see a train coming down the track

I'm moving across the highway  
Over this great land, hey  
Coming to your town to see your face  
Time is wasting  
Ain't no time to waste  
I am a gypsy, that's what I am
