

# Mic Drop

Blues Saraceno

Here comes the mic drop  
Take a bow and don't stop  
I will come and steal your soul

Here comes the mic drop  
Hand grenade that won't stop  
I am ready to explode

Line em up  
Hit the ground  
Give it up  
Here comes the mic drop

Here comes the encore  
Coming at you full bore  
I will bring you to your knees

Here comes the encore  
Leave em begging for more  
I can be your fantasy
