

## Crash Burn

Blues Traveler

I'm gonna ride you  
Gonna ride you out like a witch on a broom  
I'm gonna ride you  
Gonna ride you out like a witch on a broom

It's the old give and take  
And I've took again  
So give me room

I'm gonna watch you  
Gonna watch you fall like a tower of cards  
I'm gonna watch you  
Gonna watch you fall like a tower of cards

Gonna land, gonna land, gonna land, gonna land  
No matter how hard

Crash burn  
When will I learn  
Crash burn  
When will I learn

Crash burn  
When will I learn  
Crash burn  
When will I learn
