

Bustin' And Dronin'

Blur

Coming from your eyes
No more selfish lies
It's an awful week
Marry me you freak
There's nothing on the wall
In the bitter hall
The neon lights are on
Some a bit are gone

I'm alone
And I'm alone
And I'm alone
And I'm alone

But you know love is weak
Shifting as we speak
Animals lie down
Ritual underground
The other seems to change
With them all again
The neon lights are on
Stellar we'll take off

I'm alone
I'm alone
I'm alone
I'm alone
I'm alone
I'm alone
I'm alone
I'm alone
