

# Day Upon Day

Blur

Waiting on this empty day  
It's just the same as any day  
And although I've nothing to say  
I'm going to say it anyway

Day, day upon day, day upon day  
Day upon day

Everybodies here with me  
We're in the smallest room you see  
And although we've nothing to do  
We've got to do it adieu adieu

Day, day upon day, day upon  
Day upon day
