

Miss America

Blur

Miss America sits in the shower
She's plucking hours from the sky
Picks up the telephone into another home
Don't ask me why

I don't mind, I don't mind at all
I love only you

She's a well wisher and she wishes you well
Wish away, wish away
She's no jellybean, she's a Jemima ho ho
Wish away. Wish away

I don't mind, I don't mind at all
I love only you

Da do da da do

Here is here and I am here
Where are you
Far away, far away
She's no jellybean, she's a Jemima ho ho
Wish away, wish away
