Between the Lines

BlutEngel

What is right and what is wrong?
So many questions in your mind
You don't know where you belong

What is wrong and what is right?
How does it feel when you're in rage?
Who will judge you when you hate?

You find yourself on your knees
Praying for salvation
But you are not the one to blame

Good and evil
Are not always black and white, I know
you can trust me
Try to read between the lines
Good and evil
Are not always black and white, I know
you can trust me
Try to read between the lines

You'd see the world in different colours
You'd see so many shades of grey
Just put your trust in me
And open up your heart
You don't need your eyes to see

Good and evil
Are not always black and white, I know
you can trust me
Try to read between the lines
Good and evil
Are not always black and white, I know
you can trust me
Try to read between the lines

Good and evil
Are not always black and white, I know
you can trust me
Try to read between the lines
Good and evil
Are not always black and white, I know
you can trust me
Try to read between the lines
