

Can you see me

BlutEngel

Can you see the trees?
Can you see the leaves falling to the ground?
Can you see the river evolving from the fountain?
Flowing through the land

What's my reason to live?
Since you went away
Can you still see me?
Far from the love
What's my reason to live?
Since you went away
Can you still see me?
Far from the love

Can you see the cars?
Driving through the crowded streets
Blinding lights in the dark

Blinding lights in the dark
Blinding lights in the dark

What's my reason to live?
Since you went away
Can you still see me?
Far from the love
What's my reason to live?
Since you went away
Can you still see me?
Far from the love

Can you see the people?
Running through their lives
They have no time
They have no time

What's my reason to live?
Since you went away
Can you still see me?
Far from the love
What's my reason to live?
Since you went away
Can you still see me?
Far from the love

What's my reason to live?
Since you went away
Can you still see me?
Far from the love
What's my reason to live?
Since you went away
Can you still see me?
Far from the love
