

Disobedience

BlutEngel

Too much information
Too many lies
Too less conversation
Too many cries

I am the new Drug
I'm the light in the dark
And if you refuse me
It will tear you apart

Disobedience
Temptation
Disobedience
Temptation

Too much information
Too many lies
Too less conversation
Too many cries

You're slowly going crazy
You're living a lie
A million lights are out there
So many ways to die
