

Fire and Ice

BlutEngel

You're an angel, an angel of lust
You dress yourself like a queen
A queen of dark temptation
You look at me - appraisingly
And you know I want you
I want to be your slave forevermore

I sacrifice my life to you
I sacrifice my soul to you
I would do everything to satisfy your needs
I make all your dreams come true
I fight against everything for you
Even though I give myself up for you

You're the fire, I am the ice
I'm melting away when you touch me
I am lost between your thighs
You're the mistress, I'm only dust
I cannot hide my devotion
I'm dependent on your lust

Will you catch me when I fall?
Will you be there when I'm calling you?
I feel so insecure...
I'm not as strong as I seem to be
Deep inside I feel so weak
I feel so weak when you're not here with me

You're the fire, I am the ice
I'm melting away when you touch me

I'm not the mistress, I'm only dust
I cannot hide my insecurity

You're the fire, I am the ice
I'm melting away when you touch me
I am lost between your thighs
You're the mistress, I'm only dust
I cannot hide my devotion
I'm dependent on your lust

I'm not the mistress, I'm only dust
I cannot hide my insecurity

You're the fire, I am the ice
I'm melting away when you touch me
I am lost between your thighs
You're the mistress, I'm only dust
I cannot hide my devotion
I'm dependent on your lust
