Give us this day all that you showed me
The power and the glory till my kingdom comes

Give us this day all that you showed me
The power and the glory till my kingdom comes
Give me all the history book told me
The faith and the glory till my kingdom comes

And they said that in our time
All that's good will fall from grace
Even saints wold turn their face in our time
And they told us that in ours days
Different words said in different ways
Have other meaning from he who says in our time

Give us this day all that you showed me
The power and glory till my kingdom comes
Give me all the history book told me
The faith and the glory till my kingdom comes

And they said that in our time
We wold reap from their legacy
We wold learn from what they had seen in our time
And they told us that in our days
We wold know what was high on high
We wold follow and not defy in our time

Give us this day all that you showed me
The faith and the glory till my kingdom comes

Faithless in faith, we must be hold the things we see

Give us this day all that you showed me
The faith and the glory till my kingdom comes

Give us this day all that you showed me
The power and the glory till my kingdom comes
Give me all the history book told me
The faith and glory till my kingdom comes
