I Am

BlutEngel

Waterfalls inside my head – inside, inside my head
Diamond tears up on my hands – up on, up on my hands
I've lost my heart, I've lost my soul – my heart, my heart, my
soul
Frozen feelings without you – without you

I hear a voice
|: I am the water when you die
I am the sky when you rise
I am the wind when you fly
I am eternity when you die :|

Touch my skin, I feel your breath – I feel, I feel your breath
Take my hand, don't let me go – don't let, don't let me go
I've missed your smile, I've missed your voice – Your smile, I'
ve missed your voice
Now you're closer than before – than before

You are my light
(Chorous)

Will I, will I, will I die? (Repeat 3x)

(Chorous 1x)
