

# I will surrender

BlutEngel

All these years  
I was able to be as strong as I needed to be  
I have to be strong  
All these years  
I pushed away the fear that tried to destroy me inside  
I have to fight the fear

I can't stand fighting all the demons alone anymore  
I need someone to fight by my side

I will surrender  
To the demons that have haunted me for so long  
No one can take away my pain  
I will surrender  
To the voice that tells me of sweet eternity  
I just want to lay in the cold grass for a while

So many years have passed and I'm so much older now  
I feel way too old  
I no longer have the strength to save everyone  
I can't even save myself

I can't stand fighting all the demons alone anymore  
I need someone to fight by my side

I will surrender  
To the demons that have haunted me for so long  
No one can take away my pain  
I will surrender  
To the voice that tells me of sweet eternity  
I just want to lay in the cold grass for a while

I can't even save myself  
I can't even save myself  
I can't even save myself

I will surrender  
To the demons that have haunted me for so long  
No one can take away my pain  
I will surrender  
To the voice that tells me of sweet eternity  
I just want to lay in the cold grass for a while

I will surrender  
I will surrender  
I will surrender  
I will surrender

I can't even save myself
