

## Ivory tower

BlutEngel

Your eyes are closed, your skin is so pale  
Not a word passes your lips  
Your hands are cold, your breath is weak  
The silence is so loud, and it hurts

I don't need you anymore, I'm so glad that you are not here with me  
And I'm alone, here in my desolate place  
Trapped in my ivory tower  
I don't need you anymore, I'm so glad that you are not here with me

And I'm alone, here in my desolate place  
Trapped in my ivory tower  
Ah-ah-ah  
Ah-ah-ah

I whisper softly in your ear (Don't give up)  
But you can't hear me  
Can you already see the other side?  
I hope you like it there

(Don't give up)  
(Don't give up)  
(Don't give up)

I don't need you anymore, I'm so glad that you are not here with me  
And I'm alone, here in my desolate place  
Trapped in my ivory tower  
I don't need you anymore, I'm so glad that you are not here with me

And I'm alone, here in my desolate place  
Trapped in my ivory tower  
Ah-ah-ah  
Ah-ah-ah
