

It took a thousand years  
To find you  
Our paths crossed on this fateful night  
Under a dark sky  
We both kept a secret  
That we tried to hide  
But soon, we opened our souls  
And realized that we are one of a kind

We're living in a world of dreams  
Far away from reality  
We're living in a world of dreams  
Far away from reality

Now, we've reached the point of no return  
We have to find a way  
We have to escape from this place  
Where we don't belong  
They will try to find us  
They will try to catch our souls  
But they will never get us  
When we turn into stardust

We're living in a world of dreams  
Far away from reality  
We're living in a world of dreams  
Far away from reality

We're living in a world of dreams  
Far away from reality  
We're living in a world of dreams  
Far away from reality
