

Stormy rivers

BlutEngel

Euch wurde ein, wundervolles Geschenk gebracht nicht wahr?

Oh ja.

Jeden von euch, wurde die Lösung durch den Schöpfer versprochen.

Ich beobachte euch schon so lange und nur im angesicht des Grauens, seid ihr in der Lage euren edlen Kern zu entdecken.

Und ihr könntes zweifelsfrei sehr edel sein.

Everything you ever dreamed of,

has begun to fade to black.

With nothing to lose you asked yourself,

where to go now to get it back?

Everything you'd ever lived for,

black river has washed it all away.

Send the tide on the rising waters,

take a pail for your last day.

Stormy clouds all worted fee,

you will never hide away from me.

And I now gave us peace for tears,

but there'll be nothing left to feel.

Stormy clouds all worted fee,

the more you tried to resist and I,

the more it pulls you in before.

Your lonely world collides.

Like a storm that's never ending,

all the shadows will survive.

There were nights of endless pleasures

and our souls and dreams.

Will I kiss dawn that brings you heaven?

Every ash, an empty side.

Finish crying now or never,

the see is ripping this guide.

Between good and evil,

stormy waters catch your breath.

Take your heart with peristyl fingers.

Stormy clouds all worted fee,

you will never hide away from me.

And now I gave us peace for tears,

but there'll be nothing left to feel.

Stormy clouds all worted fee,

the more you tried to resist and I,

the more it pulls you in before.

Your lonely world collides.
