BlutEngel

She looks like the girl  
The girl you ever wanted  
She looks like the girl  
The girl who could give you everything  
Her kisses burn like hell and you like it  
She's got the look that could kill

Can you see the greed in her eyes?  
It's far to late

She's a vamp  
She's a vamp  
Vampire  
And she's longing for your blood  
She's a vamp  
She's a vamp  
Vampire  
She brings darkness to your soul  
Too late to run too late to hide  
There's no escape when she is hunting you  
And she's hunting you tonight

She takes everything from you  
She seduces you with her body of sin  
You're addicted to her touch  
And you lose yourself in her dangerous smile

She's a vamp  
She's a vamp  
Vampire  
And she's longing for your blood  
She's a vamp  
She's a vamp  
Vampire  
She brings darkness to your soul  
Too late to run too late to hide  
There's no escape when she is hunting you  
And she's hunting you tonight

Too late to run too late to hide  
There's no escape when she is hunting you  
And she's hunting you tonight

She's a vamp  
She's a vamp  
Vampire  
And she's longing for your blood  
She's a vamp  
She's a vamp  
Vampire  
She brings darkness to your soul  
Too late to run too late to hide  
There's no escape when she is hunting you  
And she's hunting you tonight

She's a vamp  
She's a vamp

Vampire  
And she's longing for your blood  
She's a vamp  
She's a vamp  
Vampire  
She brings darkness to your soul  
Too late to run too late to hide  
There's no escape when she is hunting you  
And she's hunting you tonight
