

Man every time I  
Every  
Every time I get a brand new flow or swag they copy  
I might need me a mop and shit, she suck it way too sloppy  
She like to stand on tables, stand on couches, then just pop it  
And every time they talk 'bout who the greatest, I'm the topic

Sace on my face  
Tom Ford on my body  
I shut down the stage  
You sing for nobody

First of all, you lame  
You and your whole posse  
I came from the pain  
You know nothing 'bout it

I whipped it up and sauced it up I should be in the kitchen  
I like to stack my racks all up until they touch the pigeons  
I built it from the ground up  
Do you dig it?  
I'll never throw the towel huh  
That's no kizzy

You might think they my partners 'way they know 'bout all my business  
Unless I got this cash on me, I can't sit still, I fidget  
I hit the mall and swipe and swipe and swipe I got no limit  
If you know me I'm always in the cut, ain't talking legends  
If you know me you know I'm 'bout my motherfucking bread  
My phone always vibrating that's my money getting spent  
How could you talk so much you ain't even seen a fucking M  
This shit ain't new to me I've been the greatest since I was 10

And that's no fucking cap  
I cannot take no daps  
I'm busy running laps  
I cannot chitter chat

We can't go tit for tat  
We can't go rack for rack  
We can't go band for band  
And that's just all fax

Every time I get a brand new flow or swag they copy  
I might need me a mop and shit, she suck it way too sloppy  
She like to stand on tables, stand on couches, then just pop it  
And every time they talk 'bout who the greatest, I'm the topic
