Blxckie

Not a nigga you can play with  
Keep a stone on me like David (I keep a stone)  
I can tell you how my day went  
I woke up and got to the cake yes  
Money talk, favourite conversation  
Do a lot, I don't really say shit  
I swear I hopped out a spaceship  
Niggas bite tryna do the same shit  
I don't mind, I know niggas cry to get to the top  
Just to get they name out there  
I just make some sacrifices that I know they won't make, so it's not fair  
Not a nigga you can play with  
Keep a stone on me like David (I keep a stone)

Drip on me I leak leak like a full cup (Ye)  
Kickin' shit like Jet Li, karate chop (Ye)  
I look at my enemies, I ask 'em "Yo what's up?"  
How the fuck you niggas hate on me when I'm on my way up? (Ye)  
Thought I told y'all it's real, nigga only all up in my arteries  
I look around, I'm hearin' the sound, and no nigga goin' hard as me  
I was with my brother DaLeo, the chat was that he had to leave  
Matter of fact it wasn't even that simple, we had to choose, him or me?  
But it's Blxckie that's closer to the dream  
Had him packin' his bags, shit was deep  
That's my slime, my sh'latt, family (For life)  
Told him "My nigga, we gon' get it anyway"  
We some real niggas, ain't no imitate  
Came a long long way  
I swear that God will always make a way
