Blxckie

(I got beat from akim then I sang)

Baby slow down
Don't you move fast
Don't let the outside
Mess up our plans

Both insecure
So it ain't no thing
It ain't no thing
It ain't no thing

Baby slow down
Don't you move fast
Don't let the outside
Mess up our plans

Both insecure
So it ain't no thing
It ain't no thing
It ain't no thing

Let's fight through the pain
Let's fight through the pain
Fight through
Fight through the pain
Fight through the pain

Let's fight through the pain
Let's fight through the pain
Fight through
Fight through the pain
Fight through the pain

I know that this love thing takes time
I just hope you fall in love in time

How I wish that you could be mine
And how I wish a nigga has two lives

Cause I know you'll love me when I'm dead inside a coffin

Cause I know you'll love me when I'm dead inside a coffin

Baby slow down
Don't you move fast
Don't let the outside
Mess up our plans

Both insecure
So it ain't no thing
It ain't no thing
It ain't no thing

Baby slow down
Don't you move fast
Don't let the outside

Mess up our plans

Both insecure
So it ain't no thing
It ain't no thing
It ain't no thing

Let's fight through the pain
Let's fight through the pain
Fight through
Fight through the pain
Fight through the pain

Let's fight through the pain
Let's fight through the pain
Fight through
Fight through the pain
Fight through the pain
