

Khuphuka

Blxckie

I had to go all the way up, had to switch up the tempo (uh uh)
How I got all of this money, bro I don't remember (I don't, cash)
I'm saving it all and my mama say damn you so clever (ah)
The circle got smaller, I had to go switch up the members

Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)

I had to go all the way up, had to switch up the tempo (uh uh)
How I got all of this money, bro I don't remember (I don't, cash)
I'm saving it all and my mama say damn you so clever (ah)
The circle got smaller, I had to go switch up the members

Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)

Man fuck it, khuphuka kakhulu
She bussin, ngimfuna kakhulu
Lemali ngiy'funa kakhulu
I'm touching her body, masseuse
Khuphuk' khuphuk' khuphuka kakhulu
I don't like to choose, I take em in twos
I hopped out the stu then hop in a coupe
She sticking like a glue, I told her reduce
(Told her reduce, told her reduce)

Ice on me changing the weather and mood
How you still talking when payment is due
Drip on me new and it's grey but no goose
Too many baddies, I can't take em all
Had to come with the lay up and pass to the broers
Bitch I'm not lazy, I jump in the booth
And I make me a classic, it ain't nothing new, let's go

I had to go all the way up, had to switch up the tempo (uh uh)
How I got all of this money, bro I don't remember (I don't, cash)
I'm saving it all and my mama say damn you so clever (ah)
The circle got smaller, I had to go switch up the members

Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)

Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)

Blxckie ngawe ngyazfela!

Bro how you did it?
Lockdown extended, money extended, opposite skinny
Shoutout to sydenham, taught me religion
Taught me to get it, cut with no stitches
And I'm still at it, I picked up the standard
It ain't automatic, it came with the blessings
Say how I did it I'm giving em leverage
Say how I did it I mess up the guessing

I had to go all the way up, had to switch up the tempo (uh uh)
How I got all of this money, bro I don't remember (I don't, cash)
I'm saving it all and my mama say damn you so clever (ah)
The circle got smaller, I had to go switch up the members

Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
Had to go all the way up (khuphuka)
Had to go all the way up (go go go go)
