

Uppity

Blxckie

Ye!
Sh'latt!
Sh'latt!
(Ye ye ye ye!)

Bitch I go uppity uppity up
Nobody fuckin' with us
Back in my city they still gon' be showin' me love
Yes I'm the topic of discussion
Met that lil' bitch and I had to just give her a hug, her backside straight
bussin'
Niggas really wanna get into a lil' tussle, I leave your neck straight gushin'

I cannot uh, I cannot giggle with these lil' niggas
See my reflection, it's a real nigga
I do not talk about winnin', I go and just do it 'cause boy I do this on the
regular
Niggas don't know how to move, shakin' in their boots every time it's me in
the area
Pull up, I'm drippin' like soup
Niggas yellin' "SUWHOOP" every time it's me in the area (SUWHOOP)
I do not need me a bodyguard, maybe I'll see when I'm really on
Maybe I'll get one when niggas stop cappin' and actually do what they talkin'
'bout (Ye)
Niggas scary like a haunted house but in person quiet like a lil' mouse
My niggas really pull up at your house (Ye)
My niggas really don't care 'bout your spouse
If I say it then I mean it
If you say it, gotta see it to believe it, it's different
Got a baddie named Merceeda
Told her I'ma beat it as soon as I see her, it's different
I be on a different gear
Niggas in the rear, they cannot see clear
Yeah I'm a lion, you lil' niggas deer
I'm the sum of all your lil' fears (Ye)
I look down from the top of the pier (Ye)
I send shots to the tip of your ear
You just mad 'cause your baby girl cheers
When she see that's Blxckie over there (Somnyama)
Yeah don't be mad bro, just get you some money (Ye)
I got more flows than layers of onion
You tell jokes and they ask if it's funny yet
Your hardest song is sweeter than Gummy Bears
My hardest song is uhm...
Well, I don't know cause I haven't made it yet
Either that or all my shit is hella lit
Either that or all my shit bangs through the fuckin' speaker
Don't care what you say, shut the fuck up, I'm speakin'
Run to the bank 'cause that's just how I'm feelin'
She asked where I'm going, I said...

Bitch I go uppity uppity up
Nobody fuckin' with us
Back in my city they still gon' be showin' me love
