

You say you gang, you won't never change up  
Girl, you know my name, you know where I came from  
Lil shawty keep that vibe and it fuck my brain up  
Promise if you call my line I won't never hang up  
Can't give you the fake me, you love to hate me  
'Cause you know that I'm a dog like the streets made me  
This ain't what you want, why you tolerate me  
She rather do it for a real one

Don't tell me you with me when you not  
'Cause I'll replace that spot  
You know that I love you, that's with a passion  
But I'll hold you accountable for your actions  
Love me while it's ugly till we on top  
'Cause I'll replace that spot  
You know that I love you, that's with a passion  
But I'll hold you accountable for your actions

Why we ain't the same when we in public

'Cause I'll replace that spot  
You know that I love you, that's with a passion  
But I'll hold you accountable for your actions  
Love me while it's ugly till we on top  
'Cause I'll replace that spot  
You know that I love you that's with a passion  
But I'll hold you accountable for your actions

It's the standard I hold (Yeah)  
That's the facts  
Not a man if I fold  
Back to back, get a bag on the road  
Don't switch up when I ask for the role  
Just pick up when the bad shit unfold  
Aye, yeah  
I never ask for much, but I expect that  
You do the same for me, gotta respect that  
'Cause all the love I gave, gotta collect back

Don't tell me you with me when you not  
'Cause I'll replace that spot  
You know that I love you, that's with a passion  
But I'll hold you accountable for your actions  
Love me while it's ugly till we on top  
'Cause I'll replace that spot  
You know that I love you, that's with a passion  
But I'll hold you accountable for your actions
