

## ain't done

**Blxst**

Yeah, (Mm)  
One on one  
Fuck I look like giving up, are you dumb?  
I claim, the whole thing—not a crumb  
I got work to get to, wait  
I ain't done, yet (Mm)  
I ain't done  
I got work to get to baby  
I ain't done, yet (Mhmm)  
I ain't done  
I got work to get to, wai—

The life I ain't choosing it fell in my lap  
I stepped in this music it fell in on all trance  
The test when you lose it, it— hold on  
I said the test when you lose it, and get it all back  
The type shit I'm on I can put in all caps  
And left me alone, but I'm grateful 'bout that  
He— just what I needed I'm here for a reason  
Now watch me T'z up like a real Polynesian  
When he gon' stop? Probably when he stop breathing  
Looked at my watch, this shit on the opp season  
I'm back and I'm better right when they didn't believe it  
Can't count me out cause his eyes are getting even—

Yeah (Mm)
