

Be Forreal

Blxst

You got me geeked up
Don't play humble, I know you a freak huh
Don't make 'em like you, they went extinct huh
Pull up to your trap to get my reup
That's all me huh
Aye, what's the problem? (What's the problem?)
You say nothing but act like you got one
Act like you don't want me, I am not dumb
You play hard to get but girl I got ya
I got, got ya
Through the good, bad, ups and the downs
I'll still be here for you, let me cater to you
She said I see how you move, don't play me for no fool
Long as you keep it solid, you can reap what you choose

Just be forreal dawg, just be forreal
Just be forreal dawg, just be forreal
You the type they'd kill for, type they'd kill
Just drop the top down and let it peel (Yeah)
Just be forreal dawg, just be forreal
Just be forreal dawg, just be forreal
You the type they'd kill for, type they'd kill
Just drop the top down and let it peel (Yeah)

You got me geeked up
Don't play humble, I know you a freak huh
You the type that workout every week huh
Gotta beat your face before you leave huh
That's all me huh

I keep it a stack with you, always factual when I rap with you
Back with you, know the truth hurt but I packed tissues, oh
Truth will set you free, aye
Well just don't up and leave, aye
You say you **** with me
Well show me, show me, show me
Show me more than words
I know what you heard absurd
But just cause I'm the Evgle don't mean flip me with the bird
Goddamn hit me, hit me with the move like You Got Served
Look, why you wanna Harlem shake me to the curb, curb? Swerve

Just be forreal dawg, just be forreal
No like forreal dawg, like be forreal
You the type they'd kill for, type they'd kill
Just drop the top down and let it peel
Just be forreal dawg, just be forreal
Just be forreal dawg, just be forreal
You the type they'd kill for, type they'd kill
Just drop the top down and let it peel

You got me geeked up
Geek, geek, geeked up
Geeked up
Geek, geek, geeked up
You got me geeked up
Geek, geek, geeked up

Geeked up
Geek, geek, geeked up
