

Blueprint

Blxst

Aye, you know how we do it
Forty on the neck, a compliment should come included, yeah
Gang thick, popping out ruthless
I could do the coupe but that Suburban too exclusive, yeah
Bitch, you better wear it if the shoe fits
I ran up a check and I'm too busy for your two cents, aye
You the type to pop and never do shit, wait
I'm the type to give you niggas blueprints

Yeah, clearly we all knowing who the truth is
Made it real, track and field, running up the blue strips, yeah
Really, you ain't got to introduce him
Boss shit, I could pull a string, no acoustic, yeah-yeah
We done finally got it out the trenches
Top shit, see the rocks lit from a distance, yeah
Say she had the Evgle on her wish list, yeah
She know that I go like I'm dismissed
You were never present when they slept on me
Told her that she better put respect on me
Better have a check when you check on me
The vibe priceless like I won't accept no fee, don't sleep

Aye, you know how we do it
Forty on the neck, a compliment should come included, yeah
Gang thick, popping out ruthless
I could do the coupe but that Suburban too exclusive, yeah
Bitch, you better wear it if the shoe fits
I ran up a check and I'm too busy for your two cents, aye
You the type to pop and never do shit, wait
I'm the type to give you niggas blueprints

I'm the type to give a nigga smoke
We was broke, now it's hundreds in the lining of the coat
Break a bitch down, break a hundred million with the bros
Hundred shots, it's gon' light up like the ceiling in the Rolls
One hundred, you can feel it in his soul
Now it's chips, niggas act like I'm supposed to fill a nigga's bowl
Eliantte diamonds getting fitted in the gold
Bae, you funny, all this money, she tryna chose
Sheee
I'm off that Perc', so my eyes low
I been pouring up to deal with that hurt, so I drive slow
I had grew up around the dealings and killings, I'm tryna grow
Piling up lately, I'm feeling it times four
Powered up lately, I'm feeling it times ten
You know how I like it, come do it like it again
You know how it go, can we do it like it again?
You know how, hmm
You know how we do it

Aye, you know how we do it
Forty on the neck, a compliment should come included, yeah
Gang thick, popping out ruthless
I could do the coupe but that Suburban too exclusive, yeah
Bitch, you better wear it if the shoe fits
I ran up a check and I'm too busy for your two cents, aye
You the type to pop and never do shit, wait

I'm the type to give you niggas blueprints
