

## Body

Blxst

Hold up - let's get straight into it  
Don't be stupid  
Don't fuck with me  
Don't try to come between my bae or music (You stupid)  
I play for keeps, I don't do cheap  
I break the bank to prove it  
I don't do petty, but stay ready  
Please don't [\*gunshots\*]

Hold up - let's get straight into it (Yeah)  
Don't be stupid  
Don't fuck with me  
Don't try to come between my bae or music (You stupid)  
I play for keeps, I don't do cheap  
I break the bank to prove it  
I don't do petty, but stay ready  
Please don't make me do it

Oh, why they wanna test me?  
Must be my recipe  
Prolly my drip, maybe my chick, oh she so sexy  
Come for my family, you gon have to come arrest me  
I go to war with any nigga  
God bless me

Cause you gon' make me do the time for you  
Press a line for you  
Take a life for you-  
I might catch a body for bae  
Yeah, I might catch a body for bae, yeah  
One hand on the book and lie for you  
Gotta vibe with you  
I let it fly for you-  
I might catch a body for bae  
Yeah, I might catch a body for bae

Yeah, pistol grip, pump on my lap at all times  
Yeah, try to play mine, nigga that's your lifeline  
I do or die trying  
If you a op, choose a side, that's a thin line  
Hold up, killin' my vibe  
I got too much to lose  
I got too much to prove  
Still rose up out the mud, with the cement on my shoes  
Watch me beat around the rules  
Bet I heat up on you fools  
Come and see me if you choose, you gon' be up on the news

I do the time for you  
Press a line for you  
Take a life for you-  
I might catch a body for bae  
Yeah, I might catch a body for bae, yeah  
One hand on the book and lie for you  
Gotta vibe with you  
I let it fly for you-  
I might catch a body for bae

Yeah, I might catch a body for bae
