Blxst

Gotta know it, I'm from the trenches, make it busssdown on me  
Climb up on it, that pussy cold, I'ma buy a busssdown Rollie  
I be loving when you be calling, I'ma run down on it  
She gon' take it with me to fuck me till we come down on it  
If you throw it, I'ma do it until you shut down on me  
If it clap when you throw it back, then I'll busssdown forty  
If I need it back, is you gon' come round for me?  
And yeah-yeah

It be looking how it taste when it's in my face  
I just wanna take you outer space  
Fucking me on vacay, sheeee  
I'm finna make you feel and if it make you feel something  
You ain't never had a real one, you know what they say  
Bend it till it curve, bend it till it lay straight  
She gon' do it till she squirt, do it till it face paint  
Bae, I know it's worth what them niggas can't pay  
Before I leave we gotta do it like we 'posed to, baby

It's some shit I'm tryna show you, baby  
Buss it down up in a circle, baby  
Bring your friend to work too, aye  
Yeah, I done been around some work today  
Can you spin around and work too, aye?  
Yeah, bring your friend around and  
Bring your friend around and work  
Bring your friend, bring your friend around and work

Okay, pretty face but a trench baby  
And the, ain't good if she ain't crazy  
I got a issue  
I need mine daily  
Said if I want to, bitch, I'm Tom Brady  
I need a top ten pick straight outta the bricks  
She don't want smoke, go to war about the distance I keep  
Ever since I hit, she been weak  
Got that power, I ain't talking Tariq  
Fresh up out the shower, she be making it squeak  
Go a couple rounds and make me something to eat  
When I'm outta town, she tell me we need to link  
She love my cologne but she be calling me "Stink"  
It's been a week  
You know that's way too long  
She gon' busssdown no matter what page we on  
She burning sage at home  
Live in a danger zone  
I'ma pull up any way, but what drank we on?

Gotta know it, I'm from the trenches, make it busssdown on me
