

Can I

Blxst

This gon' be your favorite song

Can I?
Pull up on you later tonight?
'Cause when we link up girl, it's a vibe
And girl, you got that, I can't deny
No lie
Can I?
Pull up on you later tonight?
'Cause girl, you got that, I can't deny
And when we link up girl, it's a vibe

Yeah
Let me know you're good, solid
Hit me when you wanna
Ain't no flashing for ya
I'm just checking on you girl, flex
Time to have sex
I pull up and show you why they say I'm with the extra
Been a minute since we invited and kicked it, ay
Still nobody that can do the way I did it, ay
Girl, you blessed with a vibe, maybe wish we get this alive
Who did say we can't try? Pick it up right where we left
I need some TLC
That's the L-U-V
What you know about 12 play, back in 93?
Girl, your body's
Calling
For me
So can I pull up on you girl?

Can I?
Pull up on you later tonight?
'Cause when we link up girl, it's a vibe
And girl, you got that, I can't deny
No lie
Can I?
Pull up on you later tonight?
'Cause girl, you got that, I can't deny
And when we link up girl, it's a vibe

I tell you, oh
Baby, oh
Yeah, that's my baby
Yeah, that's my baby

'Cause every time we go both ways
We get right back like it's no love lost and it been like that
I ain't slept 3 days
It get like that but I'm still on the way 'cause I'm lit like that
So what's up?
Give me a good reason for me not to pull up
You can name a season out in life, you stood up
Summer, winter, spring and fall like yeah, you could love, can I?
So pull up, can I?

Can I?

Pull up on you later tonight?
'Cause when we link up girl, it's a vibe
And girl, you got that, I can't deny
No lie
Can I?
Pull up on you later tonight?
'Cause girl, you got that, I can't deny
And when we link up girl, it's a vibe
Yeah

I tell you, oh
Baby, oh
Yeah, that's my baby
Yeah, that's my baby
It's Eazy!
