

# Dance With The Devil

Blxst

Ooh, actin' brand new  
She get to actin' so brand new, yeah  
'Cause I never seen you dance like this before  
Where did you get it from?  
It's a bad move  
Ooh, you can dance with the devil if you want to  
It's a bad move  
So I think it's best we leave it on the floor

Yeah, uh  
Is it safe to say you miss what we had? (Miss what we had or no?)  
Girl, I might just save you just one more dance  
Did I give you everything that you asked from me?  
When it all falls down, I guess it's your bad

I checked my schedule  
I can't tell when you fell in love  
You's a devil  
Still I choose to dance with ya  
I checked my schedule  
I can't tell when you fell in love (Love)  
In love (In love)

Uh, you was taking things personal  
I ain't do it on purpose though  
And it hurt to know  
Can't be what it been before  
My inspiration to my verses though  
I ain't even wanna speak to you  
All the sudden, had a drink or two  
And I think of you, but  
I don't wanna go down that road, it's a dead-end  
I should've known to go home, but I slid in  
Wish you well, uh, uh  
Time will tell it all  
Oh, well, yeah  
I'm fine against the wall  
Wish you well (Wish you well)  
I'm not sorry if you fallin', I can't catch you  
I'm just a vibe you might two-step to, no

Yeah, uh  
Is it safe to say you miss what we had? (Miss what we had or no?)  
Girl, I might just save you just one more dance  
Did I give you everything that you asked from me?  
When it all falls down, I guess it's your bad

I can't tell when you fell in love

In love (In love)

It's a bad move  
Ooh, you can dance with the devil if you want to  
It's a bad move  
So I think it's best we leave it on the floor

Devil in a blue dress (Dress)  
White diamonds on your neck  
Red bottoms when you step  
Everybody in the party like, "Who's that?" (Yes)  
But I caught it when you blew that kiss with those maroon lips  
Started with a two-step (One, two step)  
Now they lookin' like, "Damn, y'all ain't got a room yet?"  
Now we could do the dash or save the last dance  
Either way, I ain't mad  
But may I ask

Yeah, uh  
Is it safe to say you miss what we had? (Miss what we had or no?) (If it's safe to say, let me know)  
Girl, I might just save you just one more dance (Could be the history, could be the chemistry)  
Did I give you everything that you asked from me? (Let's leave it all on the dancefloor)  
When it all falls down, I guess it's your bad (Dang)

I checked my schedule  
I can't tell when you fell in love  
You's a devil  
Still I choose to dance with ya  
I checked my schedule  
I can't tell when you fell in love (Love)  
In love (In love)

Mm, mm, mm  
You fell for the trap again
