

Hate How Much

Blxst

I know you hate how much you fuck with me
I know you hate how much you fuck with me
Whoa, let's fly away, we could do this shit the right way
Fuck these bitches, I got money on my lightweight
On my lonely, fuck these niggas 'cause they gon' violate
Fuck them niggas, hold on, get the vibe straight, yeah

Woke up this morning, felt like I'm up and I ain't fell in a minute
I ain't checked my mail in a minute
I'ma pull up, make it propel in a minute
She want that Chanel, she can get it

I can provide her, let it pile up
And I could stay at home, just don't fuck the vibe up
Love it when I'm wrong and that shit get you fired up
Bae, I'm just gon' slide up, make you make your mind up

I know you hate how much you fuck with me
I know you hate how much you fuck with me
Whoa, let's fly away, we could do this shit the right way
Fuck these bitches, I got money on my lightweight
By my lonely, fuck these niggas 'cause they gon' violate
Fuck them niggas, hold on, get the vibe straight, yeah

She can't help but to love a nigga
Thick or thin, I'm still thuggin' with ya
You know better than to treat me like these other niggas
You know I'ma hit it better if the grudge is bigger
You can't hold it for too long when them drugs up in ya
I just know how to switch that
Might go rose gold cold if you big mad
I just can't go wrong, we gon' get back
Got it on lock, just admit that

I know you hate how much you fuck with me
I know you hate how much you fuck with me
Whoa, let's fly away, we could do this shit the right way
Fuck these bitches, I got money on my lightweight
By my lonely, fuck these niggas 'cause they gon' violate
Fuck them niggas, hold on, get the vibe straight, yeah

I know you hate how much you fuck with me
I know you hate how much you fuck with me
Whoa, let's fly away, we could do this shit the right way
Fuck these bitches, I got money on my lightweight
By my lonely, fuck these niggas' cause they gon' violate
