

# Might Do Well

Blxst

We could do it like we 'posed to  
Or we could do it like we want to, shawty  
And we might do well  
How a nigga 'posed to know you when you tryna find yourself  
Girl, I'm only tryna show you something  
Tryna put this on you or something  
Fuck you like we going through something

Let's be true  
'Cause ain't no one gon' love, gon' fuck like you  
Yeah  
I just touched down, might pass through 'cause we past due  
Might just break the bank  
Think I can't?  
I just might prove it to you  
Drop top coupe, I'm cruisin' to you  
To do you like I used to do you  
Shawty, know that lil' money ain't nothing, I'll shoot it to you  
Girl, you know I'm still the same, how I'm coming, how I do it to you  
If you let me I'm diving  
Either way, is you riding  
Keep it one sided, baby, you got it

We could do it like we 'posed to  
Yeah  
Or we could do it like we want to, shawty  
And we might do well  
How a nigga 'posed to know you when you tryna find yourself  
Girl, I'm only tryna show you something  
Tryna put this on you or something  
Fuck you like we going through something

'Cause we go separate ways to get back  
Respect my space, I'm taking my laps  
You talk back to me but that's cap  
I beat your brakes off, breaking your back  
They could never take your place and that's that  
I'd rather show you, I can't put it into words though  
Midnight gang slide, put it in a hearse though  
Shift in drive and put it back in reverse slow  
Whoa  
That pussy pressure shawty, show me what it's worth though  
(Yeah)  
That pussy pressure I'ma make lil mama work for it  
If you let me I'm diving  
Either way, is you riding  
Keep it one sided, baby, you got it

We could do it like we 'posed to  
Or we could do it like we want to, shawty  
And we might do well  
How a nigga 'posed to know you when you tryna find yourself  
Girl, I'm only tryna show you something  
Tryna put this on you or something  
Fuck you like we going through something
