

Mood

Blxst

What you gon' do for the night?
Come be my mood for the night
If you come through, girl, I bet you
Gon' be like "Ooh, what a night"
Said you goin' out with your homegirls
You ain't really 'bout that life, ay
(You ain't really 'bout that)
You ain't tryna skip that trip, ay
(You ain't tryna skip that)
Girl, I'm tryna flip that script
All you gon' do is twerk for the 'Gram
Girl, I'm begettin' and it can't go down (Down)
What you waitin' for? Say no now
Tell him that you're busy and you can't go now
Pull up, just stay for a while
Why you goin' out, like wow?
I'm just tryna go some rounds with you
Let me know if you, ay

If you willin' to cancel your plans (Link up)
Fuck the club, in the bed we can dance
Got the drink and whatever you sayin'
Come pull up to my section again (Pull up)
Fuck security, let me up in
Like a DJ, you know how to act
Spin that shit and then bring it right back
Give a fuck about wherever you at, girl

What you gon' do for the night?
Come be my mood for the night
If you come through, girl, I bet you
Gon' be like "Ooh, what a night"
