

## Pick Your Poison

Blxst

Pick your poison

Never forced, yes of course, you got choices  
In the heated moments speak up on it, you ain't voiceless  
Easier when said then done, we can't destroy this, no

But I got faith that we gon' be okay at the end of the day  
Thick or thin it's you and me, don't play  
'Cause girl the history we got ain't no mystery so stop  
It can even be your way just don't give my love away  
I got faith that we gon' be okay  
(Oh, oh)

I want all the smoke

Girl, I'll go to war for you the murder what she wrote  
I need that reciprocated, demonstrate it slow  
Don't we still got hope?  
Got me at my lowest with my back against the ropes  
You must think I won't  
Don't take it for granted, girl, you fucking with the G.O.A.T.  
You might understand it when I really up and go  
But let's be honest, I don't see us falling down that slope, no  
But I need you to
