

## Pop Out

Blxst

You been beggin' me to pop out  
Why you playin'? You be poppin' it, then cop out  
Girl, I fuck up your plans get 'em swapped out  
When I pull up on you, prolly air the whole block out  
I'm finna show you  
Playin' with me, baby, I know you  
You ain't gotta say what I told you  
You ain't gotta stay 'cause I chose you  
Had to get right in my own two  
Like I'm posed to  
Big rack, anything you want to  
'Cause I'm on you  
You could call me and I'll fall through  
All this money I throwed you  
Big vibe pull up with no rules  
Beat down till that shit swole up, lil' baby, nah, for real

You been beggin' me to pop out  
Why you playin'? You be poppin' it, then cop out  
Girl, I fuck up your plans get 'em swapped out  
When I pull up on you, prolly air the whole block out  
You can't name a thing that I'm not 'bout  
Why you playin'? You be poppin' it, then cop out  
Girl, I fuck up your plans get 'em swapped out  
When I pull up on you, prolly air the whole block out, aye

'Cause the red cup got me on ten tonight  
Reckless with the corners, I'ma bend tonight  
4AM, fuck it, I'ma spend the night  
112, fuck it, I'm Slim tonight  
I cause hell, call up your friend tonight  
But you ain't even ready for a day in the life  
And you gotta respect it if I'm payin' the price  
When you're fuckin' with the eagle, can't be afraid of the heights, whoa

You been beggin' me to pop out  
Why you playin'? You be poppin' it, then cop out  
Girl, I fuck up your plans get 'em swapped out  
When I pull up on you, prolly air the whole block out  
You can't name a thing that I'm not 'bout  
Why you playin'? You be poppin' it, then cop out  
Girl, I fuck up your plans get 'em swapped out  
When I pull up on you, prolly air the whole block out, aye

I'm finna show you  
Playin' with me, baby, I know you  
You ain't gotta say what I told you  
You ain't gotta stay 'cause I chose you  
Why would I lie when I want you?  
And I'm tryna be your go to  
Big bag bussin' faces so blue  
Let your old nigga know he old news  
Yeah, yeah  
Ohh  
You should, you should know by now  
You should, you should know by now
