I need a piece come be my peace of mind
It's a drive in movie whenever my seat recline
We ain't gotta wait for a decent time
Call whenever you need your wild side to come out
I... I know
I just need a private show
Front row seats come show what they don't teach
You been making me wait all week
Just say less I don't want no speech
I bet you thinkin' 'bout it more than me
Let's get away we might disturb the peace
Maybe a lil' cabana on the beach
I'm tryna put this nana on the peach babe

I been going insane
Since you let me in ten out of ten

Girl I can't just say I'm done
You should know what's up
Ain't no pressure but
Girl you ain't gotta ask like should we
Way too bad to pass on the goodies
I'm a bedroom bully my automatic fully
I'm just tryna tell you I'm 'a kill it
Don't push me to the edge
I might jump off the ledge with you
Ain't no telling where I'm headed in that bed with you
Make it hot and spin the block like I ain't never done
Like it's money on your top just want some head or sumn'
