

Heard you want a real nigga  
Not the type to sit up under, chill with' ya  
But the type to split the dolla bill with' ya  
I just think it's funny 'cause you still with the  
Lil' nigga that won't take the time to build with' ya  
Ain't no point in crying over spilled liquor  
I don't pillow talk but keep it real with' ya self  
I got the sauce, fuck with a real drippa  
A I'll nigga, come and match my fly

Yeah, you deserve it, baby  
Every morning, huh  
You been workin' lately  
And I see you  
Puttin' in on the surface, baby  
You been searching for it  
And I'm searching, baby  
Searching for you  
You deserve it, baby  
Every morning, huh  
You been workin' lately  
And I see you  
Puttin' in on the surface, baby  
You been searching for it  
And I'm searching, baby (Searching for you)

I can split the pie with' you, if you like  
Let's keep this alive  
With the guy, it's a different vibe  
Let's go hit Dubai, paint the sky  
Maybe hit Africa or Hawaii, au devoir  
Maybe we can hit Paris, see Eiffel Tower  
Jamaica trips, court side, Lakers tickets  
Just take a pic, 'course I'll grant your wishes  
Let's take a risk, even if it ain't makin sense, yeah  
I might blow it all tonight  
Yeah, we gon' ball tonight night, night

Yeah, you deserve it, baby  
Every morning, huh  
You been workin' lately  
And I see you  
Puttin' in on the surface, baby  
You been searching for it  
And I'm searching, baby  
Searching for you  
You deserve it, baby  
Every morning, huh  
You been workin' lately  
And I see you  
Puttin' in on the surface, baby  
You been searching for it  
And I'm searching, baby (Searching for you)
