

I want you to myself
Won't share you with nobody else
Label me a stingy nigga, something I can't help, yeah
Fresher than freaky we can play the cards you dealt
I go flow wit the 50, hit you right below the belt, yeah
All I needed was a chance
All I needed was a chance (That's all I need)
And if you fall off I'll be back again (I'll be right back)
Cause I ain't satisfied with calling you a friend (yeah)
Soon as we hang up, I'm calling you again (What's your number?)
This ain't no fight love, look girl, I'm all in (I'm all in)
You got the double back, you make me come again (Double back)
Talk that talk'll make me run and tell a friend
Don't fuck with my, no
I go, fifty one five owe
Don't get outta line, let a nigga try tho (Ayy)
If I get outta mine, it's gon' be a trial
You ain't gotta wonder why tho

'Cause you know I'm selfish
Tell me it's nobody else's
And no, it ain't healthy, but sometimes I can't help it
Ayy, you know I'm selfish
Tell me it's nobody else's
And no, it ain't healthy, but sometimes I can't help it
Ayy

My, my
You keep talkin like you 'bout it, 'bout it
Lies, lies
Let me set your shit on fire, fire
Ain't gonna do it like I do it unless it's mine, mine
You know I'm used to sharin' bitches like they WiFi
I ain't gon' hold you, let me beat it like I'm 'posed to
Just like Joe do, "I wanna get to know you"
Can't control you, I ain't gon do no to wrong you
They won't fold me but promise, I will make it home to you
So focus your attention this way
And you ain't got no attitude, it's just your bitch face
Buss you down with all this water like my fish tank
Break you down and have my daughter, and now we lit, bae
Had them bitches pissed, bae
Now I'm acknowledged
I gave you all this game and now you polished
You want that bag and I'm gon' get it, I'm gon' drive it
Keep you on my side like you my Glock shawty
Gotta treat me like I'm Pablo, 'cause you know

'Cause you know I'm selfish
Tell me it's nobody else's
And no, it ain't healthy, but sometimes I can't help it
Ayy, you know I'm selfish
Tell me it's nobody else's
And no, it ain't healthy, but sometimes I can't help it
