Jump in that pussy, I'm workin'
Textin' like you thirsty, make you pop that pussy in person
Ooh, she so worth it, I love the way you surf it
Too good, it make me nervous, ay

You might make me double back
I know smoke might come attached
Fuck it, let my lungs collapse
Girl, you got that pressure pack
That sex is crack-like, yes, it's that
We don't need no strings attached
Long as you keep comin' back through
