

Sometimes

Blxst

Yeah

Runnin' up the backend, ayy
I know you be thinkin' I be cappin', but some times
You be too much of a distraction, babe
Don't matter how I got it if the bang spend, baby
Runnin' up the backend, ayy
I know you be thinkin' I be cappin', but some times
You be too much of a distraction, babe
Don't matter how I got it if the bang spend, baby

Wait, what's that?
I thought I heard a broke bitch say somethin'
Pssh, guess not
All these chicken heads flock when I pop out on the scene

When temptation keep callin' my phone
How am I supposed to right all of my wrongs?
The DJ keep playin' all of my songs
They love me out of town, make it hard to come home, I
Think you get it, but you don't know what it took
I been gettin' to it, but the money overlooked some times
Like a library, I been overbooked
Juggin' out in London, half a hundred for a hook

I'm deep in the na-na
Deeper in love every time we fuck
I'm deep in the na-na
Need you to know that I still be thinkin' 'bout you when I'm-

Runnin' up the backend, ayy
I know you be thinkin' I be cappin', but some times
You be too much of a distraction, babe
Don't matter how I got it if the bang spend, baby
Runnin' up the backend, ayy
I know you be thinkin' I be cappin', but some times
You be too much of a distraction, babe
Don't matter how I got it if the bang spend, baby

Wait, what's that?
I thought I heard a broke bitch say somethin'
Pssh, guess not
All these chicken heads flock when I pop out on the scene

Back against the wall when she throw it back on my
G-Star raws, we under all these neon lights in the club
Bouncin' off the ice like a disco ball
Like "Oh my God" she gon' make me thow it all up
Body shaped like an old school Coca Cola bottle
Christian Dior mixed with the Prada
Riskin' it all, I'm deep in the na-na

I'm deep in the na-na
Deeper in love every time we fuck
I'm deep in the na-na
Need you to know that I still be thinkin' 'bout you when I'm-

Runnin' up the backend, ayy
I know you be thinkin' I be cappin', but some times
You be too much of a distraction, babe
Don't matter how I got it if the bang spend, baby
Runnin' up the backend, ayy
