

Shine A Light

Bo Bruce

I need to know
If you are there
If you are there
I'm coming home
And through the light
I hear your name

Out on the edge and the lights are fading
Sky full of stars though your heart is breaking
Shine out a light
Shine a light and wait for me
Eyes on the road and the skyline's fading
Out on the woods and the dark is breaking
Shine out a light
Shine a light and wait for me

What if you close your eyes and don't fear falling
Darling, you sail my way [?] fly
We could be fireflies on the horizon
'Cause I'm gonna be there, and we'll never be alone

'Cause I'm gonna be there, and we'll never be alone

What if you close your eyes and don't fear falling
Darling, you sail my way [?] fly
We could be fireflies on the horizon
'Cause I'm gonna be there, and we'll never be alone

Beyond the dark
One thousand stars
Hold onto me
