

# Kill Yourself

Bo Burnham

This is for the people who are having a rough time out there.  
Now listen up

Have you ever felt sad or lonely?  
Have you ever felt two feet tall?  
Have you ever thought "Man, if only I was anybody else at all"?  
They like to kick you when times get rough  
And you give your all but it's not enough

And sticks and stones might break your bones  
But words can break your heart  
And if you don't know where to go  
I'll show you where to start

Kill yourself  
It'll only take a minute  
And you'll be happy that you did it  
Just go over to your oven and shove your head in it  
Kill yourself  
Really, you should do it  
There's, uh, really nothing to it  
Just, uh, grab a mug and chug a cup of lighter fluid

OK, now  
I feel like you've pulled back  
Maybe it's on account of the fact that I'm telling you to kill yourself over  
and over again  
I'm just trying to make a simple point that these—that life's toughest problems don't have simple answers.  
You shouldn't just be brave, you shouldn't just roar. You shouldn't kill yourself  
But I understand that it's a sensitive subject, and you're probably just hearing me say that  
And I've dealt with s—I don't wanna be insens—look

I sound un-empathetic  
I sound mean and rude  
Suicide is an epidemic  
And I don't want to be misconstrued  
Signs of depression go overlooked  
So if you're depressed  
Then you need to book  
A therapy session  
Talk about your depression  
And let a professional hear it  
But if you search for moral wisdom in Katy Perry's lyrics, then

Kill yourself  
It won't be painful  
If you are able  
To give a little kiss to an oncoming train  
You'll kill yourself  
It's over, mull it  
There's a trigger, pull it  
Get it through your head, "it" being a bullet

Stick your tongue in a plug

Suck a pipe of exhaust  
Make some toast in the tub  
Nail yourself to a cross  
Hold your breath 'til it's gone  
Drink a gallon of mace  
Be gay in Iran  
Let Oprah sit on your face  
Jump off of a bridge  
Skinny-dip in a flood  
Sky-dive attached to a fridge  
Drink a Haitian guy's blood  
Break into the zoo  
Give a tiger a shove  
Eat a Phillips head screw
