

# Run Diddley Daddy

Bo Diddley

I was down in the jungle picking wild beans  
Something jumped up that I never before seen  
I picked up my bag and I tried to make a getaway  
Chances did I heard somebody say

Run run run, Diddley Daddy  
Run run run  
Run run run, Diddley Daddy  
Run run run

I was running so fast that I didn't even leave a track  
Whatever it is caught me snatched the shirt off of my back  
Running through the jungle was such a breeze  
Till I shook all the leaves off the bamboo trees

Run run run, Diddley Daddy  
Run run run  
Run run run, Diddley Daddy  
Run run run

I was running through the jungle with a terrible breeze  
I tripped over a stump and I hurt my knees

When the people in the village they saw me running  
They didn't know what was going on, they thought things were awfully funny b  
ut I said

Run run run, Diddley Daddy  
Run run run  
Run run run, Diddley Daddy  
Run run run

Run run run, Diddley Daddy  
Run run run  
Run run run, Diddley Daddy  
Run run run

I was running so fast that I didn't even say goodbye  
Sprouted wings on my feet and I began to fly  
Flew so far away from that land  
Found myself straddled on a United airplane

Run run run, Diddley Daddy  
Run run run  
Run run run, Diddley Daddy  
Run run run

Run run run, Diddley Daddy  
Run run run  
Run run run, Diddley Daddy  
Run run run
