

# Somewhere

**Bo Diddley**

Somewhere  
Over the rainbow  
I'll find my darling  
Somewhere there I know

Darling  
Do you still love me?  
For I love you and I'll  
I wanna always be

This love deeper  
How I feel  
I'll go on loving you  
You still

You know that I love you

My love is true  
You know can't nobody else  
Take me away from you

But somewhere  
Over the rainbow  
I'll find my love  
Somewhere there, I know

Somewhere  
Over the rainbow  
I'll find my love  
Whoa, over there  
Over there
