Tomodachi make my dream come true  
Kono kanji-mecha magomago  
And you've never even felt this way before, I know

Tomodachi make my dream come true  
Kono kanji-mecha magomago

On the boundary between me and you  
Some fluidity shapes me through and through

Friends that I adore, just a mirror for me to feel alright  
Lonely resource, illuminate the night

Show me something that you can do  
I'll enjoy myself, I'll be eating you
