

# I'll Fall (Again)

Bo En

I'll fall in love again  
Baby do you even have the guts to say?  
I'll fall in love again  
Do you even have the guts to say?

Oh yeah, the boom boom loves his speakers in the park,  
Baby turn it up yeah we gon' play it out  
Sometimes I see you silhouette out after dark (damn)  
Baby shine your light (yeah) if you're still around (yeah)  
When I play a song I feel you  
Throw it back to 2K12, but please don't call my number  
I'll trip over my tongue and I might  
Fall in love again

Did you know, you were the apple of my eye  
When I was 17 years old  
Now I've grown  
I'll fall in love

I'll fall in love again  
Baby do you even have the guts to say?  
I'll fall in love again  
Do you even have the guts to say?

I'll fall in love again, baby  
I gave you everything  
I'll fall in love again, baby (do you even have the guts to say  
?)  
I put you in Hampstead Heath with a house that's a mansion  
I'll fall in love again  
Fall in love again
