

# I'll Fall

Bo En

I'll fall in love again  
Baby do you even have the guts to say  
I'll fall in love again  
Do you even have the guts to say

Ano koro mitai ni futari warattetanara shiawasedatta ka na? (Tabun)  
Hitori botchi wa raifudakedo wasurenai I love you  
Watashi-tachi tomodachi ni naritaikedo murina onegai I don't know  
Ima doko de nani shi teru no?  
Demo mata koi sureba i yo ne

Did you know  
You were the apple of my eye when I was  
Seventeen years old?  
And now I've grown

I've got something to say to you

I'll fall in love again  
Baby do you even have the guts to say  
I'll fall in love again  
Do you even have the guts to say

I'll fall in love again  
Do you even have the guts to say  
I'll fall in love again  
Do you even have the guts to say

Now things have moved on in many ways  
It's hard for me to think of those sunny days  
Isshi ~yoniitsumademokedokawatteru  
And now you're telling me I should stay

You must know ki o tsukete  
Subete wa daijōbu you know that life is still wonderful  
Things are tough when you're on your ownkedo  
Mata koishite ganbatte ne

Did you know  
You were the apple of my eye when I was seventeen  
Did you even stop to  
Think that life would change  
From when you're seventeen

Burn the same old flame  
You thought you'd never be  
Casting eyes again  
But you've already been  
Falling down again  
Because you're seventeen

I'll fall in love again  
Baby do you even have the guts to say  
I'll fall in love again  
Do you even have the guts to say
